The Daily Press.
HONGKONG, NOVEMBER 9TH, 1905.

When His Excellency the Governor said in September last that the Government was fully alive to the necessity for a continuous policy in the matter of the resumption of insanitary property, we remarked thereon that the community would be interested to learn what that policy was to be. Yesterday there was issued an elaborate "report on insanitary property resumptions in the years 1894-1905," which lets us into the secret of how matters stand at present; although it does not appear to us to promise a policy entitled to be characterized as strictly "continuous"—not until the completion of the extensive water supply schemes at present in hand, at any rate. But we take it that no dissatisfaction will be expressed, so eminently reasonable are the lines as laid down by His Excellency. The Trust recommended by Sir H. A. Blake is not to be established for some time; and probably will be finally abandoned; so that the information we asked for, concerning the manner of its formation, is not now expected. The superficially excellent idea that such an important work as the re-modelling of congested areas should be delegated to a special body, funded with the proceeds from land sales, does not commend itself to the Governor, who would rather "leave the tendering of advice as to the areas or buildings to be resumed and the utilization of the resumed areas to the members of the Government responsible for its sanitary measures and for the utilization to the best advantage of Crown lands." This opinion occurs in a letter to the Hon. ALFRED LYTTELTON, Colonial Secretary, in the course of which, while entirely concurring

with the view "that a considerable sum should be devoted each year to the resumption of insanitary property, and that this resumption should proceed on continuous lines," he expresses the opinion that it is not desirable to fix the amount to be set aside for the work. To introduce into the Estimates the principle of allocating special receipts to special expenditures would, he points out, admit of various logical extensions; and if it were laid down that for so many years so much money must be allocated for resumptions, requests for suspensions of the order would be inevitable. This latter would hardly be followed by anyone who has followed the financial course of Hongkong. It would mean that the natural programme now suggested (i.e. the Governor to suggest each year as large a sum as he thinks can be conveniently appropriated) would still be followed, but under the gratuitous difficulties incidental to the evasion of a cut-and-dried plan. Nothing big can be undertaken in any case until after the "water-supply" is assured; the lines of the resumption scheme have already been sketched by Mr. O. CHAMBERLAIN and Dr. J. W. SIMPSON; the Sanitary Board has dealt with minor details of the work; in view of these things, His Excellency does not support the Trust proposal, which was advocated by both Sir H. A. BLAKE and the Hon. Mr. MAY (while administering the government). On general grounds it could be objected to, also; if the Legislative Council cannot be trusted with such an essentially vital part of its duty, it can be trusted with none; and we may as well have a bureaucratic system of Government at once, with many Trustees and Committees overlapping and clashing one with another. The Secretary of State for the Colonies, Mr. LYTTELTON, replies that he agrees generally with the Governor's views on the matter; and so, we presume, will most of those who were at one time tickled with the grandeur of the programme and liked the idea of a Trust to carry it out.

There will be a pick-up game of cricket on the Civil Service ground to-morrow. Those intending to play must be on the ground by 2 p.m. sharp.

At the Union Church Literary Club, at 9 p.m. to-night, Mr. T. Clarke will read a paper entitled "A Journalist's Note Book." Mr. T. C. Gray will occupy the chair.

The American Consulate has received a typewritten warning from the Manila Observatory, dated 11 o'clock yesterday morning, announcing that there is a depression to the N. E. of Guam.

The Shanghai A.D.C. appears to have made a wonderful hit with "Beauty and the Beast." Shanghai is fortunate in having always a number of amateurs whose merit is greater than the average professional.

The N.C. Daily News says that a telegram was sent on Nov. 2 to Mr. de R. on behalf of the Chinese Government, inviting him to come out at once to take charge of the Hunanpu Comintern operations.

Yesterday afternoon Messrs. Hughes and Hough were to have sold by public auction, on the instructions of the mortgagee, Shaikwan Lot No. 53, together with the messuages or tenements thereon. The sale, however, was postponed.

Miss Johnstone desires to thank all those who so kindly helped at the C.M.S. Buxton Mission Sale of Work. Those who supplied the Refreshment Stall and worked so well. The Band was a great pleasure, and sincere thanks are given to Lieut. Col. Price and the officers of the 129th D.C.O. Baluchis. The amount taken was \$1,141.

Tactai Jemo Tien-yu (Chau Tien-yu), a graduate of Yale University, Sheffield Scientific Department, A.M.C.E., London, and Superintendent Engineer of the Peking-Changchiao (Kalgan) Railway, now building, has been appointed by the Slangpu as Special Adviser on Railway matters to that Board. Mr. Jemo Tien-yu is a member of the Chinese Educational Mission to the U. S. in 1872 and well qualified for his new post.

How many persons, asks a contributor to a contemporary, have troubled to inquire the meaning of the red band which invariably runs down the centre of a Chinese envelope? The Chinese mourning being white, that colour is regarded as unlucky, and the white envelope accordingly not only barred with red, but lined with the same, which is a colour associated with particularly good fortune. This may be a wrinkle for those who have correspondence with Chinese not to use white paper.

We have received from Messrs. W. Brewer & Co. Part 28 of the *Japan Chronicle's* Diary of the Russo-Japanese War. The pictorial part of this number contains a series of excellent half-tone blocks, which have been produced in a fashion creditable alike to the makers of the blocks and the printers. One full-page picture shows the Russian mine-tender *Amur* as she was blown up in the dock of the eastern harbour at Port Arthur, while smaller ones display the Tangki Kwan Fort, captured by the Japanese, and other interesting scenes.

MESSRS. GREGOR AND CO'S NEW PREMISES.

Although a comparatively new firm, having been in existence barely twelve months, Messrs. Gregor and Co., wine and spirit merchants, have made rapid strides in their business. Yesterday witnessed the opening of their new premises at No. 19 Queen's Road Central, recently occupied by Messrs. Kelly and Walsh. In large and handsome show cases are displayed the brands of whisky, brandy and liqueurs that appear to have attained great popularity. The array of wines from ordinary claret to the choicest of French champagnes is arranged with such taste as to attract the attention of the visiting connoisseur. As the advertisements of the firm are constantly proclaiming, the policy of the firm is to supply the best brands at the cheapest rates, and as they are of opinion that this cannot be done by bottling locally—the Chinese having little experience of the trade—everything that is supplied is always kept ready to ensure prompt attention to orders while a large and varied stock is carried in the godown behind the shop.

CANTON.

[FROM OUR CORRESPONDENT.]

7th November.

LINGHOW MASSACRE ENQUIRY.
I am informed that Wen Taotai has been ordered by Viceroy Shum to proceed to Linghow to investigate the said affair. I understand Wen Taotai is going there with the American Consul-General, and Mr. Snowin, Renter's correspondent. The party is leaving Canton this afternoon or to-morrow morning.

NINETY-THREE INCOMPETENTS.
Sometime ago Viceroy Shum memorialized the throne against forty civil and fifty-three military officials declaring them to be arrogant and incompetent. On the 1st inst. a telegraph edict was received by Viceroy Shum authorizing him to deal with those officials in accordance with the memorial despatched.

That is to say that Viceroy Shum is empowered to cashier, banish, degrade or temporarily dismiss them from the service. They are all rank.

MILITARY COLLEGE OPENED.
The new Two Kwang Military College was formally opened on the 4th inst.

EXTRAORDINARY ACCIDENT.
The Lieut.-Colonel at Ching-Yuen has shot himself by accident. It is said that to amuse himself he fired a shot at some hard substance, the bullet rebounded and struck him in the chest, and he has since died.

THE PATH OF REHABILITATION.
The provincial judge, Ching Yu-lok, who was degraded three steps for showing leniency towards Deputy Cheung who had tortured an innocent prisoner to death, has now been recommended to the Throne by Viceroy Shum for promotion. The Viceroy states in his memorial that Ching Yu-lok is an honest and competent official, having managed to save an important sum of money for the Government. Ching will be granted an Imperial audience and no doubt will be restored to his former rank.

RAVAGE VILLAGERS.
A band of 150 robbers attacked on the 31st ultimo the Lin-Chi-Tong village and ransacked many houses. The villagers showed fight, however, and chased the robbers, capturing three of them. The robbers retreated towards the Leung-Ho village, where two more were captured. The villagers chased these desperadoes as far as the Fatahan railway station, where they dispersed. One of the villagers was wounded in the melee. If resistance was shown in every village visited by robbers their number would soon diminish.

NEW DAILY PAPER FOR CANTON.
A new native newspaper will shortly appear here. It will be called the *Kok-Chi-Po*. The first issue will be published on or about the 20th inst.

AN INTERESTING SIGHT.
A large band of robbers arrived in the Sin-Tong village by two steam launches and entered the principal pawnshop of the place. As they were about to leave the villagers arrived in great numbers and surrounded the building. A railway station being close by, a message was immediately sent to the nearest military station, by the railway telegraph. A strong force soon arrived on the scene and are assisting the villagers to capture the robbers. Three of the robbers, who attempted to force their way through the ring of soldiers and villagers, were captured. The others have barricaded themselves in the pawnshop and will not come out. On the other hand, the besiegers are afraid to go in. The steam launches left as soon as they saw there was going to be trouble and the robbers will no doubt be starved out of their fortress. The position is curious, indeed, and typically Chinese.

THE CATHOLIC UNION.
The members of the Catholic Union, with the assistance of friends, gave a musical and dramatic performance last night. The hall was well filled and the audience appreciated the ambitious efforts of their entertainers. The comic drama, *Plot of Potentation*, was very well staged, and the *caste* were warmly commended for their creditable display. Even more attractive, because lighter, were the operettas, "Domestic Economy" and "His only Cost," and with selections from the *Sociedade Philharmonica* and songs from Messrs. G. Burnett, A. H. Tomsett and A. T. Walston the programme proved very enjoyable. The performance is repeated to-morrow night.

By kind permission of Lieut.-Colonel Aitkin and officers, the band of the 119th Infantry will play the following programme of music, at the King Edward Hotel, during dinner this (Thursday) evening:—

March ... "Right Left" ... Sousa
Overture ... "La Purita du Luxembourg" ... Adam
Waltz ... "Gounness Dorce" ... Waldteufel
Selection ... "Gondoliers" ... Sullivan
Song ... "Mona" ... Adams
Two Step ... "Arrival of the Greeks" ... Moret
